The financial statements cover Quantum Graphite Limited (ABN 41 008 101 979 ) as a consolidated entity consisting of Quantum Graphite Limited and its subsidiaries, Quantum Graphite Operations Pty Ltd (ABN 46 004 947 004) and Quantum Graphite Explorations Pty Ltd (ACN 667 887 667), collectively referred to as “the Group”. The financial report is presented in the Australian currency, which is Quantum Graphite Limited's functional and presentation currency.

Quantum Graphite Limited is a listed public company limited by shares, incorporated and domiciled in Australia. Its registered office and principal place of business are:

Registered Office	349 Collins Street Melbourne VIC 3000
Principal place of Business	349 Collins Street Melbourne VIC 3000
Website	<a href="http://quantumgraphite.com">quantumgraphite.com</a>

A description of the nature of the consolidated entity's operations and its principal activities are included in the directors' report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of directors, on 13 March 2026.

## Directors' Report

The directors present their report, together with the financial statements, on the consolidated entity (referred to hereafter as the "Company" or 'consolidated entity') consisting of Quantum Graphite Limited (referred to hereafter as the 'parent entity') and the entities it controlled at the end of, or during, the half-year ended 31 December 2025.

### Period Review

The Grant of Major Project Status in the prior period positioned Uley 2 as the critical element of an integrated end-to-end flake graphite supply chain. The Sunlands' Southern Eyre Peninsula Graphite Hub represents a scalable, global supply chain that can meet the needs of the key flake graphite market segments, Li-ion battery anode, thermal management products (refractory, expandables, foils) and thermal energy storage.

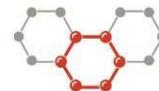

The Commonwealth's recognition of the national significance of the Hub reflects the importance of the Southern Eyre Peninsula's flake graphite resource to the Western markets (including Japan and South Korea). These markets continue to struggle with disruptions to flake graphite supply and ongoing uncertainty plagues long term downstream manufacturing planning. The Hub offers a genuine solution that delivers a reliable long-term supply backed by one of the largest, highest quality flake deposits.

During the period the Company and its downstream processing and refining partner, Sunlands Pure, began the implementation of the Hub development plan. On the Southern Eyre Peninsula, the parties have finalised site selection for the Hub and recently began negotiations with landowners and local and state government stakeholders. The Hub location within the Port Lincoln District, and less than 25 kilometres from the Uley mine site, ensures an operational connectivity unmatched by other large scale flake graphite projects. It will deliver seamless management and control of all activities including mining, processing and logistics.

Sunlands Pure has progressed negotiations in Oman, the location of the refinery facilities. Recently, Sunlands Pure finalised arrangements for the acquisition of a site in the Al Buraimi Governorate and as at the date of this report a Memorandum of Understanding (MOU) has been concluded with the Governorate. The MOU codifies existing and ongoing support from the Governorate and provides a pathway for the expedited development of the graphite refinery, an integrated graphite purification and packaging facility that will service the Western markets with an initial capacity of more than 100,000 tonnes of purified flake graphite.

The Company acknowledges that the Uley 2 project's integration within a larger development will result in a more complex funding structure. Further, the financing of this end-to-end supply chain has required an extensive level of due diligence that properly assesses the inter-dependencies of the discrete activities of mining, processing, refining and logistics. These interdependencies and the associated risks have been a significant challenge in the structuring of the funding solution.

The Company's and Sunlands Pure's discussions with funding partners are now focused on a workable funding structure. Whilst due diligence has not yet been concluded, the resolution of the funding structure by the parties during the period has been a pleasing result. Settling the roadmap to the Hub's financing has been an important achievement. This work has been a challenge but one of the very beneficial outcomes is the greater clarity over the integration of operations. The Board thanks the tireless commitment of our due diligence team and the patience of all stakeholders.

## Board of Directors

The following persons were directors of Quantum Graphite Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Bruno Ruggiero - Chairman and Independent Non-Executive Director

Sal Catalano - Executive Director

David Trimboli - Independent Non-Executive Director

Michael Wyer - Independent Non-Executive Director

## Principal Activities

The Company's principal activities are the exploration, mining and processing of natural flake graphite and the manufacture of flake graphite products. The Company has historically supplied high purity large flake graphite powders from its Uley 1 mine operation and processing facility to the refractories markets in Europe and North Asia.

## Board of Directors & Director Remuneration

The following persons were Directors of Quantum Graphite Limited during the whole of the financial half-year and up to the date of this report, unless otherwise stated:

Bruno Ruggiero – Chairman and Independent Non-Executive Director

Sal Catalano – Managing Director

David Trimboli – Independent Non-Executive Director

Michael Wyer – Independent Non-Executive Director

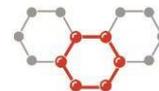

Following the 2025 annual general meeting shareholder approvals, the Company issued Directors with 516,120 options as quarterly Director fees for the period 1 January 2025 to 31 December 2025 as set out in the table.

Directors	No. Shares	Fees (\$) Quarterly

D Trimboli	103,225	12,000
M Wyer	103,225	12,000
<b>Total</b>	<b>516,120</b>	<b>60,000</b>

The issued and outstanding securities following the above issue is 352,600,000 fully paid ordinary shares and 619,345 options.

## Review of Operations and Financial Results

The loss of the consolidated entity for the period was \$2,165,391 (31 December 2024: loss of \$4,360,701). The loss exceeded plan and reflects commitments of significantly greater resources than planned to the finalisation of the Uley Region and District Exploration Plans.

## Significant changes in the state of affairs

- **Mining Titles**

All mining titles are current and remain in good standing. During the period, the Company was notified of the renewal of ML5561 and ML5562 for a term of 21 years. The renewal provides the basis for an extended project life encompassing the Uley 2 and Uley 3 mineralisation.

- **Events Arising Since the End of The Reporting Period**

There were no other events that have arisen since the end of the financial period which significantly affected or may significantly affect the operations of the Group, the results of those operations or the state of affairs of the Group in subsequent financial years.

## Auditor's Independence Declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is included on page 4 of this financial report and forms part of this Directors' Report.

## Notes to the consolidated financial statements

### 1. MATERIAL ACCOUNTING POLICY INFORMATION

#### (a) Nature of operations

Quantum Graphite Limited's principal activity is the exploration and mining of graphite deposits in South Australia and the manufacture of high-grade flake graphite products.

#### (b) General information and basis of preparation

The consolidated general purpose financial statements of the Group have been prepared in accordance with the requirements of the Corporations Act 2001, Australian Accounting Standard AASB 134 *'Interim Financial Reporting'* and other authoritative pronouncements of the Australian Accounting Standards Board (AASB). Compliance with Australian Accounting Standards AASB 134 results in compliance with the International Financial Reporting Standards (IFRS) IAS 134 Interim Financial Reporting as issued by the International Accounting Standards Board (IASB).

These general-purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2025 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

#### (c) Going concern basis of accounting

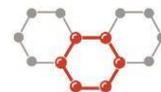

The financial statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and discharge of liabilities in the normal course of business.

As disclosed in the financial statements, the Group incurred a loss of \$2,165,391 and had net cash outflows from operating activities of \$1,534,229 for the six months ended 31 December 2025.

The Directors, after reviewing the cash flow forecast for a period of twelve months after the signing of this financial report concluded that there are reasonable grounds to believe that the Group will continue as a going concern and it is appropriate to adopt the going concern basis in the preparation of the financial statements. The Directors' assessment considered the following factors:

- During the period, the Company revised its credit facility arrangement with Chimaera Capital Limited and entered into new funding arrangements with Pershing Nominees Pty Ltd (collectively, the New Facilities). As at 31 December 2025, the Group had undrawn funding capacity under the New Facilities as follows:
  - \$4,000,000 under the Pershing Nominees Pty Ltd facility and \$1,000,000 under the Chimaera Capital Limited revised facility; and
  - The New Facilities are repayable on the earlier of 31 December 2027 or completion of the Company's next capital raising; and
- The Group's expenditure commitments, under the terms of the exploration licenses, have been met and currently there are no other significant operational commitments. The Group has the discretion to vary the timing and scope of its exploration and evaluation activities.

Accordingly, the Directors believe that the Group will be able to continue as a going concern and that it is appropriate to adopt the going concern basis in the preparation of the financial report.

### 4. EARNINGS PER SHARE

The weighted average number of shares for the purpose of diluted earnings per share is reconciled to the weighted average number of ordinary shares used in the calculation of basic earnings per share:

	6 months to December 2025	6 months to December 2024
Loss after income tax attributable to the owners of Quantum Graphite Limited (\$)	(2,165,391)	(4,360,701)
Weighted average number of shares used in basic earnings per share	350,128,897	345,050,536
Basic and Diluted Loss per share (cents)	(0.62)	(1.26)

In accordance with AASB 133 'Earnings per Share', The 619,345 options outstanding at the end of the reporting period have been excluded from the calculation of diluted earnings per share as they are anti-dilutive, as the entity incurred losses during the current and preceding reporting periods.

### 5. (a) DEVELOPMENT ASSETS

	31 December 2025 \$	30 June 2025 \$
Gross carrying amount		
Opening balance	15,986,977	16,027,608
Rehabilitation provision	3,500	(428,649)
Expenditure on development during the reporting period	212,175	388,018
Closing balance	<u>16,202,652</u>	<u>15,986,977</u>

The closing balance represents the capitalised portion of Uley 2 project expenditure. The directors have assessed that the carrying amount of the Uley 2 project (including all plant and equipment, environmental infrastructure e.g., Tailings Storage Facilities, mining titles, JORC 2012 Reserves and Resources and all project approvals under the South Australian Mining Act 1971) does not exceed the recoverable amount. The carrying value of development assets has been tested for impairment as part of a single cash-generating unit (CGU) represented by the Uley 2 Project.

## Notes to the consolidated financial statements (Continued)

### 5. (b) EXPLORATION AND EVALUATION ASSETS

	31 December 2025 \$	30 June 2025 \$
Opening balance	3,386,250	3,114,800
Expenditure on exploration during the reporting period	146,366	271,450
Closing balance	<u>3,532,616</u>	<u>3,386,250</u>

#### Impairment Testing

For the purposes of assessing impairment, the Group's assets are grouped and reviewed for impairment at the CGU level (determined by management as equivalent to its operating segments). The Group has determined that it has a single cash-generating unit (CGU) represented by the Uley 2 Project. Accordingly, the associated plant and equipment, development assets, and exploration and evaluation assets ("the Uley 2 Assets") have been allocated to the CGU.

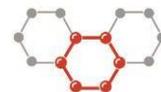

The Directors noted no indicators of impairment as at 31 December 2025.

### 6. ISSUED CAPITAL

	Number of shares #	31 December 2025 \$
(a) Issued and paid-up capital		
Fully paid ordinary shares	352,600,000	<u>75,562,512</u>

## INDEPENDENT AUDITOR'S REVIEW REPORT To the Members of Quantum Graphite Limited

### Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Quantum Graphite Limited ('the Company'), and its subsidiaries (together referred to as 'the Group'), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year then ended, notes comprising material accounting policy information and other explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

#### Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* ('ASRE 2410'). Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

*Directors' Responsibility for the Half-Year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

*Auditor's Responsibility for the Review of the Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
