THE SOPHISTICATED INVESTOR INITIATES COVERAGE OF BOSS RESOURCES

Boss Resources Ltd (ASX: BOE) is pleased to announce the publication of an Initiation Report by The Sophisticated Investor ("TSI") covering Boss Resources and the recently acquired Honeymoon Uranium Project, South Australia.

The report, presented via a series of short videos, follows extensive due diligence and a site visit by the TSI team and covers both technical and commercial aspects of the proposed operations at Honeymoon.

The report is available on Boss' website at: www.bossresources.com.au

TSI was commissioned by Boss to produce the report in order to better inform and educate investors about the Company and the potential of the Honeymoon Uranium Project.

The report covers:

- Company valuation, investment and risk analysis
- Operational overview of the Honeymoon Uranium Project
- Exploration and development for the Honeymoon Project
- Analysis of the technology, product and market
- Interviews with key management personnel at Boss
